## Welcome **MESSAGE**

Our customers, on behalf of Ghanem M. Al-Qahtani Management Consulting Company (GMQConsulting) management and partners, I am very delighted to welcome you all and thank you for giving us the opportunity to serve you and address your business challenges. We are at GMQconsulting are putting the most possible adding value efforts and strategy not only to meet your expectations but also exceeding them capitalizing on our recognized partners, consultants and valued employees. We are familiar with best-in-class best practices, field experience, certification and benchmarking. Our expertise covers the areas of Safety, maintenance and asset management, HR, recruitment, training certification, IT & Artificial Intelligence (AI), facility management, event management and work performance recovery, productivity and wellbeing.

Last but not least and due to our belief that each business entity is considering human capital sourcing, training & development as one of its top priorities, we came up with our process to source and qualify young Saudi workforce job seekers and include them in our Human Capital Platform for our customers recruitment team to select and hire from.

## ABOUT US

At GMQConsulting, we specialize in providing innovative, tailored solutions to meet each client's unique needs. We are committed to developing and strengthening management systems, processes, and the quality of human capital within organizations to enhance performance and deliver lasting value to stakeholders.

We recognize that every organization faces its own distinct challenges. That's why we work closely with each client, crafting customized strategies that build on their strengths and directly address their most pressing issues. Our effective approach begins by engaging the client's subject matter experts (SMEs), actively listening to their challenges, conducting thorough benchmarking and analysis, and then designing transformative administrative processes to create sustainable solutions that help organizations reach their full potential.

We also partner with clients to enhance workforce capabilities by delivering strategies and tools for human capital development. This includes implementing learning management systems (LMS) to monitor employee training and performance, ensuring alignment with organizational goals. GMQConsulting also provides access to a robust human capital platform that connects clients with job seekers who have undergone comprehensive training and certification. These candidates are fully prepared to integrate into our clients' workforce and contribute from day one.
